## WHITAKER WRIGHT

Man Who Controlled Many of the World's Markets, Sentenced to Penal Servitude.

### TOOK POISON IN COURT AND DIED.

Mr. Wright's Career Was Well Known on Three Continents for His Stupendous Financial Operations.

All London Is Thrilled With the News—No Such Human Tragedy Has Been Enacted in England For Many a Year.

London, Jan. 27.—At 3 o'clock Tuesday afternoon Whitaker Wright was sentenced to seven years penal servitude. At 4 o'clock he lay dead on the floor of a small room in the law courts. Whether he took his own life by poison or whether death in its natural course robbed the law of its fulfillment will not be known until a post-mortem examination is held; the indications, however, point to poisoning.

The career of this man, who was known on three continents for his stupendous financial operations, closed in a startling tragedy. Even in his life, which with his rise from poverty to enormous wealth was full of dramatic incidents, there was nothing that could compare with the manner of his death. All London is thrilled with the news of it. No such human tragedy has been enacted in England for many a year.

Until nearly 8 o'clock Tuesday night the body of the man who formerly controlled many of the world's markets and who had been courted by royalty, remained upon the floor of the room where he fell.

The home office finally gave permission for its removal and the body was given to the jurisdiction of the coroner. It now lies at Westminster mortuary, where almost all the corpses taken from the Thames are laid out. The inquest probably will be held on Thursday.

#### Mrs. Wright An American.

Mrs. Wright, the dead man's wife, is an American. She now lies ill at the magnificent country home, which Wright had in Surrey. Dispatches from there say with a certain ingenuous pathos: "The news of Whitaker Wright's death has caused much sorrow. He was well known here for his acts of generosity and it was generally believed that he would be acquitted and return home again."

Mr. Wright was the brains and head of the London & Globe corporation and numerous other financial schemes. He was arrested in New York some months ago and taken back to London for trial for alleged crooked transactions.

The feeling that Justice Bigham's conduct of the case was not very judicial appears to grow in legal circles of London, and the sentence imposed upon Wright would in itself have furnished England with an unexpected sensation.

Until counsel commenced pleading the actual trial of Whitaker Wright scarcely aroused that keen public interest which was exhibited when Wright was in the United States or when parliament decided he did not come within the pale of law breakers.

When Messrs. Isaacs and Walton started to make their appeal to the jury the people awoke up to the gravity of the issues concerned. Even the government was involved, for it had taken the stand that Wright could not be prosecuted. Furthermore, it was an open secret that many great, and even royal names, were indirectly involved in the proceedings. Friends of Wright had said that if drawn into a corner he would tell who had profited by his transactions. Suspense reigned in many quarters while counsel for the defense made their appeal, but when the appeal was finished, those involved breathed easier and public curiosity remained unsatisfied.

When sentence was pronounced the crowd in the court gasped in surprise. Wright was almost the only person present who appeared to be unmoved. Then turning to the reporters in the room rather than to his judge, he cried out in a firm voice:

"All that I can say is, that I am as innocent of any intention to deceive as any in this room."

Suddenly Wright fell backward as if he had fainted. The officer, who was waiting to take him to Frixton prison, ran to Kings college hospital, which is nearby, for a doctor. In the meanwhile the unconscious man was propped up on two chairs. The doctor came quickly. His first thought was that Wright had fallen in an ordinary apoplectic fit, but it was noticed that his heart began gradually to give out and before another doctor could arrive Whitaker Wright, within one hour of the time he had been sentenced, was dead.

An examination of the body, made

at a late hour Tuesday night, points strongly to the fact that death was due to poison.

### THE KENTUCKY LAWMAKERS.

Only Two Important Bills Were Passed on Tuesday.

Frankfort, Ky., Jan. 27.—Senate: The five bills amending the game laws and establishing a state fish and game warden were reported favorably and made a special order for next Tuesday. Senator George's bill, providing for an amendment to the constitution so as to return to the viva voce system of voting, was made a special order for Friday at the same hour as the "grandfather clause" bill. Gov. Beckham sent in the following appointments, which were referred to the committee on charitable institutions: Dr. Minnie C. Dunlop, to be third assistant physician at the Lexington asylum; to be commissioners of deaf mute institute at Danville, B. O. Rodes and E. W. Lillard (to succeed themselves), Joe McDowell, Jr., to succeed G. E. Wiseman, and W. J. Bohon to succeed W. S. Rowland.

House: The Butler bill passed, providing for an increase in the length of the common school term to six months. Chairman Drewrey, of the municipalities committee, reported favorably on the Edwards bill, recommended Monday on motion of Dr. Averick, and made a speech in behalf of the measure, which he said allowed the mayor of Louisville to remove members of the board of public safety and public works who were inimical to the administration. Mr. O'Connor, of Louisville, stated that he opposed the bill, but it was adopted by a vote of 53 to 22. The Miller bill, appropriating \$15,000 annually for the Kentucky Children's Home society, was passed by a vote of 72 to 2. The Bourne bill to adopt as the state law the Carroll edition of the Kentucky statutes was unanimously passed.

### STORAGE WAREHOUSE BURNED.

The Aggregate Loss Is Estimated at About \$225,000.

Louisville, Ky., Jan. 27.—Fire Tuesday destroyed the Goddard Storage warehouse, entailing losses upon several buildings, which aggregate about \$225,000. The fire caused a slight panic among the guests of the Galt house, which fortunately did not result in harm to anybody. The losers are: W. R. Benedict, wholesale coffee, \$50,000; A. E. Engelhard & Co., wholesale coffee, \$50,000; H. Wedekind & Co., wholesale grocers, \$40,000; Torbett & Castleman, molasses, \$20,000; Goddard & Co., loss on building, \$30,000; E. H. He urged the appropriation of \$10,000 by the general assembly for the purpose of transporting the Kentucky exhibit for the Louisiana purchase exposition from St. Louis at the close of that centennial exposition. A bill providing this will be introduced.

## A HORRIBLE FATE.

Fourteen Men Were Instantly Killed in Stratton's Independence Mine at Victor, Col.

### THE CAGE DROPPED 1,500 FEET.

Arms, Legs and Heads Torn Away and the Surroundings Bespattered With Their Blood.

The Accident Is Believed to Have Been Due to a Defect in the Hoisting Engine Brake Connection Controlled By Air.

Victor, Col., Jan. 27.—Fourteen men were instantly killed Tuesday morning at Stratton's Independence mine by the falling of a cage.

A gang of 15 was on its way from the workings below in a cage, which traveled at a rapid speed. The machinery became deranged and the engineer found himself helpless to stop the car as it approached the top of the shaft.

The cage crashed into the heavy beams and the cable broke, precipitating the cage 1,500 feet to the bottom of the shaft.

Two men managed to grasp iron bars at the top and held on. One, however, was killed, and the other badly crushed.

The descent of the cage was like a lightning flash. The bodies of the men presented a sickening spectacle, arms, legs and heads being torn away while the surrounding walls were bespattered with their blood.

The accident is believed to have been due to a defect in the hoisting engine brake connection, which is controlled by air. The engine is a first motion double reel, and the two cages work as counterbalances. The cages each weigh nearly two tons. In starting the cage from the 600 foot level Tuesday steam was used, but after the cage had gone up a certain distance under steam pressure, the steam was shut off and the weight of the counterbalancing descending cage in the other shaft compartment was allowed to bring the load of miners to the surface, as is the custom. When the cage with the 16 miners arrived at the surface Engineer Gelles to his horror discovered that the air brakes would not work. Similar accidents in which no lives were lost have occurred twice before at the Independence mine with the same engineer now in use there.

### A LONG TRIP.

A Congressman Traveled 3,000 Miles to Pay His Poll Tax.

Austin, Tex., Jan. 27.—Congressman W. S. Burleson, from this, the Tenth congressional district, arrived Tuesday from Washington, having traveled 3,000 miles for the express purpose of paying \$1.75 so that he might retain the privileges of a voter and officeholder in Texas. His long trip was made necessary by reason of the fact that he forgot to pay his poll tax before leaving for Washington, and when he tried to have it paid by proxy he was informed that such could not be done and that he would be disfranchised both as a voter and an officeholder if he did not return in person and pay his poll tax by January 31.

### DIED IN A CAB.

The Woman Was on the Way to Visit a Sick Relative.

Columbus, O., Jan. 27.—Mrs. Elizabeth Walter, of Decatur, Ind., who had been visiting in Columbus, died Tuesday in a cab while on the way to the Union depot to take a train for Edgar, Ind., whether she had been summoned on account of the illness of a relative. Mrs. Walter's daughter was in the cab beside her but knew nothing of her mother's demise until she attempted to assist her in alighting from the cab at the depot. The coroner found death was caused by cerebral hemorrhage.

### Representative Howell to Be Unseated.

Seoul, Corea, Jan. 27.—The peddlers, with the permission of the government, are levying blackmail on all wealthy houses in Seoul except those of the high officials on the pretext of guarding the houses.

### THE SCHAFER MURDER.

The Murderer Has Not Yet Been Apprehended.

Bedford, Ind., Jan. 27.—Very little was accomplished Tuesday by the committee on public safety, under the guidance of Mayor Smith and Detective Halpin, toward the apprehension of the murderer of Miss Schafer. The committee are in communication with several detectives, who will assist the committee in their investigation. All newspaper correspondents now stationed here have been ordered to refrain from publishing any confidential matter pertaining to the investigation. The public schools of Bedford opened Tuesday for the first time since the tragedy, but the high school will not resume for ten days.

Miss Edwina Day, a substitute teacher in the high school, relates an incident which occurred at the Smith home on the evening before the murder, at which time she says Miss Schafer became alarmed because of a slight noise heard on the porch near her window. When the noise was found to have been caused by Mrs. Smith's footsteps on the porch, Miss Day asserts that Miss Schafer seemed greatly relieved.

The funeral of Miss Schafer was held at Elkhart Tuesday, and a number of people from here were in attendance.

Edward Boruff, an attorney of this city, who was assaulted and beaten by an unknown man a few days ago, has subscribed an additional \$250 to the reward for the apprehension of the murderer.

While the funeral services were being held at Elkhart Tuesday a memorial service was held in the assembly room of the high school. Many evidences of esteem for the dead girl were perceptible in the speeches by President Lowe, of the school board; Capt. Alexander, Mayor Smith, Senator Brooks, and Revs. Edwards and Whitney.

### WANT CLEAN MONEY.

The Question Was Argued Before the House Committee.

Washington, Jan. 27.—"Clean money" was argued before the house committee on banking and currency Tuesday by Representative Gaines, of Tennessee. Mr. Gaines charged that the government was largely responsible for making the paper money of the country "unclean" by sending it to China, Japan, the Philippines, Cuba, Porto Rico and other countries, and said it should bear the expense of redeeming it, paying the transportation charges and all other expenses. Mr. Gaines asserted that a single bill which had been in circulation in Cuba and returned to the treasury for redemption contained 232 different kinds of microbes. These microbes, he asserted, were hungry, and would joyfully feed on the mucous membrane of either democrat or of a republican. Physicians of Philadelphia, he said, had been examining filthy money in that city and had declared it full of germs.

### SCHOOLS OF MINING.

A Favorable Report Authorized on the Mondell Bill.

Washington, Jan. 27.—The house committee on mines and mining Tuesday authorized a favorable report on the Mondell bill appropriating \$10,000 from the sales of public lands to each state and territory for the establishment of schools of mining. The committee amended the bill by providing that the revenue from the sale of land in the 16 "irrigation" states and territories shall not be used for this purpose.

### SENATOR HANNA WORSE.

The Physician Says There Need Be No Alarm Felt.

Washington, Jan. 27.—Senator Hanna, who has been confined to his bed at the Arlington for several days by an attack of the grip, was reported to be somewhat worse Tuesday. He was unable to sleep at all Monday night, and the loss of rest has left him nervous and weak. Surgeon General Rixey, who is attending him, says, however, that there need be no alarm felt over the senator's condition.

#### Applied For Promotion.

Washington, Jan. 27.—Hezekiah A. Guder, at present United States consul at Panama, has formally applied for promotion to the place of minister to Panama, which he expects is soon to be vacated by Mr. Buchanan.

#### Threatened Indian Uprising.

Greenville, Ill., Jan. 27.—The body of Charles Ehril, a farmer living four miles south of here, was found hanging in his smokehouse.

## WORK COMPLETED.

Mine Workers Will Meet With the Coal Operators in Joint Wage Conference.

### IT WILL LAST ABOUT ONE WEEK.

President John Mitchell Practically Declined an Increase of \$2,000 a Year in His Salary.

Report of Tellers in Election of Officers Showed President Mitchell, Vice President Lewis and Secretary Wilson Re-Elected.

Indianapolis, Ind., Jan. 27.—The United Mine Workers completed the work of the 15th annual convention Tuesday. Having no more committee reports of importance to consider before meeting the operators in the joint wage conference, which begins Thursday, the convention adjourned until Wednesday afternoon at 3 o'clock, when Mrs. Virginia Barlow Leroy, of Streator, Ill., will address the delegates. The convention will also receive the report of a committee appointed to draft a memorial on the death of the 200 miners in the Hartwick mine explosion at Cheswick, Pa.

The joint wage conferences generally last about one week. It is thought that it will take that long this year to reach an agreement over the demands for the run of mine basis and the differential. The demands are always made for the entire state of Indiana, all the Western Pennsylvania district and for the Hocking valley in Ohio and the Danville district in Illinois as the basis for those two states. The operators will make the assertion that while the miners are not asking for an increase in the mining scale now in effect the run of mine basis and the differential of seven cents flat would mean a heavy increase.

The present mining contract covering all operations in these four districts will expire April 1.

President John Mitchell practically declined an increase of \$2,000 a year in his salary when a resolution was introduced to increase it from \$2,000 to \$5,000. When put to a vote it seemed that fully two-thirds of the house voted aye. He declared the resolution lost, and when there was a call for a division he ignored it. With a rap of his gavel he declared the motion lost and closed the debate. Several delegates objected, saying that they desired to go on record as favoring the raise and they were told that they could submit their objections in writing.

Indianapolis was chosen for the convention next year.

The report of the tellers on the election of national officers of the United Mine Workers was received by the convention. President Mitchell, Vice President Lewis and Secretary-Treasurer Wilson are re-elected. The full vote of the organization was not cast. Mitchell, as the head of the ticket, received 92,633 votes, Lewis received 91,810 votes, and Wilson 91,875.

### EATEN BY WOLVES.

Portions of the Remains of a Missing Man Discovered.

Minneapolis, Minn., Jan. 27.—The mystery of the disappearance of J. C. Sullivan, of this city, from Black Duck, Minn., last spring has been solved by the finding of his body on the forest of the Little Fork country, whither he had gone to locate a claim. Identification was made by the shoes. He had evidently been eaten by wolves. Charges of murder against certain parties in Black Duck thus fall to the ground.

Let the prize you have in our city inspire you to help make the tobacco fair a great success.

We confidently expect the city of Maysville to take a step forward this spring and summer. Will you lend a helping hand? Cease to be a knocker and join the progressive movement. The merchants are getting wide awake. Let all the other citizens do likewise.

There is no question that the theatre horror at Chicago was the result in a large measure to gross negligence not only on the part of the management of the house, but of those whose duty it was to see that every provision was made for the safety of the patrons. If Mayor Harrison was guilty, the high and responsible position he holds only adds to his offense, and he should be punished with the rest.

Congressman Hunter is laid up at Washington with a couple of broken ribs.

Frank Kelsch has been appointed overseer of roads in district No. 1, precinct No. 3.

A bill is pending in the Legislature to reduce street car fares to 3 cents in this State and require street railways to provide separate coaches for colored passengers.

Miss Nannie Tucker, who is attending the State College, presided at the contest between members of the Patterson and Union literary societies of the college Monday evening to decide who should represent the college at the intercollegiate declamatory contest Feb. 5th at Danville. J. B. Sprake, of Patterson, won the honors.

Senator Cantrill has introduced a bill creating the "Kentucky Tobacco Growers' Commission." It provides that when a vacancy occurs it shall be filled by the remaining commissioners. The duties of the commission will be to look after the interests of tobacco growers in Kentucky and the bill provides an appropriation of \$20,000 to carry it into effect. It names W. B. Hawkins, of Fayette; W. Scott Osborn, of Mason; W. C. McChord, of Washington; J. C. Thompson, of Hopkins; and John D. Clardy, of Christian, as the commissioners.

Owing to the inclemency of the season the Mason County Medical Society will not hold its regular monthly session at the G. A. R. Hall this afternoon. Dr. Ellis, who is booked for an essay on Hamlet, says that he is not yet ready with his paper—that here of late he has read so many queer books, entertained so many outrageous opinions—had such awful dreams, that he is beginning to see ghosts, hear voices in the air and believe in the good old Presbyterian doctrine that there is a Divinity that shapes our ends rough,—this cold stormy weather.

The couple are numbered among Maysville's most worthy and industrious young people, the bride being a daughter of Mr. and Mrs. Patrick King, while the groom is a son of Mr. and Mrs. Robert Brown. The bride wore a gown of white silk crepe.

### BON VOYAGE.

Rev. R. E. Moss Leaves For a Three Months Trip Abroad—Farewell Reception in His Honor Last Evening.

Rev. R. E. Moss, the beloved minister of the Christian Church, left on an early train this morning for a three months trip abroad. He will be a member of a party of twenty-one, gotten up by Rev. Dr. Willett, of Chicago, for a tour of the Holy Land. They will land at the ancient city of Joppa, going thence to Jerusalem, in which city and vicinity they will spend nearly a month. On the return trip they will make a tour of Europe. The party will sail from Boston early next week.

Mr. Moss was given a farewell reception by the members of his church last evening. The auditorium was beautifully decorated for the occasion by the ladies of the church, with laurel, potted plants and fancy colored lamps. Notwithstanding the very inclement weather a large crowd was present, all uniting in wishing Mr. Moss a pleasant voyage and a safe return.

No formal program was observed, but during the evening Miss Hannan sang several solos, and two numbers were sung by the male quartette,—Dr. Smoot, Rev. Dr. Barbour, Mr. Moss and Mr. Boyd Muse, and there were a number of selections on the piano by Miss Elizabeth Barbour and Miss Bessie Finnell, of Chicago.

Refreshments, consisting of ice cream, cakes and coffee, were served in the chapel by the ladies. The affair throughout was a very pleasant one, the only thing to interfere with the enjoyment of the evening being the regret that Mr. Moss is to be absent from the city so long.

"Fare thee well:  
The elements be kind to thee, and make  
Thy spirits all of comfort."

## Whiskey and Beer Habit

PERMANENTLY CURED BY

# "ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wycliff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."

Mrs. W. L. D. Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him "ORRINE." He is now fully restored to health and has no desire for drink."

Mr. A. E. L., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it

for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of "ORRINE" cured me of all desire and I now have the smell of liquor."

Price \$1 per box. Mailed in plain, sealed wrapper by Orrine Company, 817 14th St., Washington, D. C. Interesting book—Treatment on Drunkenness, (sealed) free on request. Sold and recommended by

A Good Show.

The Willis Musical Comedy Company are giving better satisfaction than any popular price company that has ever been here, and those who do not see them to-night will be the losers of a pleasant evening. The crowd last night was fair. "Two Old Cronies" was very much enjoyed, and each member of the company was very good. The specialties alone are worth the admission. To-night is the last chance to see the company. They will present the best of their com-

edies, "A Trip to Atlantic City," and will introduce twelve specialties. Matinee this afternoon at 3 o'clock—"Sweet Sixteen." Prices: Children, 10c.; adults, 20c. Tickets for both performances on sale at Ray's.

The Courier-Journal says Robert Coley, hailing from Maysville, was held up by a couple of men in Louisville and robbed of \$10.

Mr. Lee Lovel, who is at French Lick Springs for the benefit of his health, is reported improving nicely.
